

PERMISSION TO TRANSPORT SELF IN A NON-DISTRICT OWNED VEHICLE TO A SCHOOL-SPONSORED EVENT

At times, students with a valid driver's license may have the opportunity to drive themselves to official, school-sanctioned activities that have been approved by a school administrator in lieu of using school transportation or having a parent/guardian transport them. It is recognized that only students who continue to demonstrate responsibility are extended a driving privilege to drive themselves to/from these activities.

As the parent/guardian of _____, I give permission for my child to drive him/her self to the following activity described below.

ACTIVITIES (check all activities that you grant permission for your child to transport themselves to/from)

- _____ **Any elective Fifth Day Experiences that occur during the 2021-2022 (to/from Butler Tech Campuses or other locations)**
- _____ **School-approved field trips**
- _____ **Extracurricular activities**
- _____ **Driving between campuses to participate in classes**

By signing below:

- I understand:
 - This permission only applies to the activity described above.
 - It is Butler Tech’s expectation that the student will drive directly to and from the activity.
 - The student will wear a seat belt at all times and comply with all state driving laws and regulations.

- I verify that:
 - My student has automobile insurance.
 - I consider my student to be a safe driver.
 - I am aware that the district is not able to prevent my student from driving to an unauthorized location.
 - I am aware that Butler Tech does not allow students to transport other students at any time. If this should occur, I understand my student has violated the expectations of Butler Tech and that Butler Tech may revoke driving privileges as a result.

ASSUMPTION OF RISK AND WAIVER

I acknowledge that transportation to and from the Activities carries risks of injuries to my child including death, as well as damage to my vehicle and property. Regardless of such risks, I do hereby assume full responsibility for any risk of injury or loss due to the Transportation to or from the approved Activities. I further release the Butler Tech Governing Board and its members, officers, agents, employees (expressly including the Coach referred to herein), agents and assigns from any and all liability or cause of action arising from or by reason of any injury or loss that results from the Transportation to or from the Activities. I expressly agree that this release is intended to be as broad and inclusive as permitted by law and that if any portion of this release is held invalid the balance shall continue in full force and effect.

I understand that this release and waiver is effective only for the approved Activities listed above.
