District Information

Describe your district's goals for the Student Wellness and Success Funding.

To continue and enhance student support services, such as:

- providing direct services to students and/or their families to identify and address barriers to school success and increase social-emotional skills
- facilitate referrals of students/families to appropriate service providers after assessment
- provide advice for school staff as appropriate while maintaining student confidentiality
- providing student services prior to, after, or outside the regularly scheduled school day or any time school is not in session
- mentoring programs
- mental health services
- staff professional development for student wellness and success
- cultural competence
- additional student services for overall student wellness and success

List any district highlights of Student Wellness and Success.

The Student Wellness and Success funds will allow continued student support while also enhancing existing services.

If you have a logic model, summarize here and attach a detailed copy to the back of this Form.

None

List any obstacles or challenges you are experience or anticipate while you implement your plan.

The COVID-19 pandemic caused a significant disruption in services, CTSO extracurricular activities, and Fifth Day Experience planning. This has been a major obstacle and challenge to planning.
