

# SENIOR ONLY

## EMERGENCY MEDICAL TECHNICIAN (EMT) LAB

Accelerate your future by earning in-demand industry credentials at a Butler Tech Adult Education Campus during your senior year of high school.

**Senior Only Programs provide the opportunity for all seniors who reside within Butler Tech's Career-Technical Planning District (CTPD) to obtain industry credentials while they are still in high school to jump-start their future and increase their earning potential.**

### Programming Overview

- Courses are one year long, half-day instruction, five days per week
- There is no tuition cost for EMT Lab
- Traditional fees for uniforms and textbooks apply. The instructor will provide pricing
- Students must take their academic courses online or at their current high school
- Students must provide their own transportation
- Students must provide their own meals; food service is not provided
- Continuing education opportunities are available through Butler Tech's Adult Education programming after graduation
- Any senior with good academic standing for graduation within Butler Tech's Career-Technical Planning District (CTPD) may apply
- Student's home school counselor must sign off on the student's graduation plan

Overall employment for EMTs and paramedics is projected to grow 11% from 2020-2030 with about 20,700 openings projected each year across the country.

- U.S. Bureau of Labor Statistics

Earn your

12-Point Credential

## EMT Program Overview

Senior Only EMT and Beyond is designed to help you earn your Emergency Medical Technician (EMT) Certification while also providing career exploration in other areas of Public Safety such as Firefighting, Paramedic or Dispatch. During this half-day, one year program, students will build a foundation in emergency response and receive guidance and support toward continuing education or a career. An EMT is one of the first responders on the scene who provides the first line of pre-hospital care.

### Schedule

Monday - Friday: Lab Days

7:40 am – 10:15 am - Half Day
