

- | POSITION Advanced Manufacturing IT & Operational Technology Instructor
- | LOCATION Advanced Manufacturing Center
- | GENERAL DESCRIPTION

We are seeking a forward-thinking Advanced Manufacturing IT & Operational Technology Instructor to join the team at our Advanced Manufacturing Center, where students prepare for integrated IT roles embedded within modern manufacturing environments. This instructor will work with high school students in Grades 10 – 12.

This role is designed for a candidate who understands that the future of manufacturing is digitally driven, data-rich, and systems-integrated—and who can help students build the technical fluency, problem-solving habits, and adaptive mindset required for the next generation of industrial work.

Throughout the program students will participate in a career-technical student organization such as SkillsUSA.

| QUALIFICATIONS

- Must meet **ONE OF THE FOLLOWING:**
 - Willingness & ability to complete Ohio’s alternative teacher licensure process **AND**
 - High school diploma **AND** at least 5 years of relevant work experience **OR**
