

POSITION	Substitute High School Science Instructor
LOCATION	Natural Science Building, Monroe Campus
GENERAL DESCRIPTION	This instructor will teach science courses to 10th, 11th, and/or 12th grade students at Butler Tech's Natural Science Center in Monroe. As a department of one, the instructor will teach across multiple science disciplines, including Biology, Chemistry, Physics, and Environmental Science. The 72-acre campus provides an authentic learning environment where science instruction can connect with real-world applications in agriculture, animal science, and natural resources. This is a full-time substitute assignment from December 2026 through May 2027. The permanent, full-time Science Instructor position for the 2027–2028 school year will be posted separately in Spring 2027.
QUALIFICATIONS	• Appropriate licensure through the Ohio State Board of Education covering all Science course areas for Grades 10- 12 such as Integrated Science (132010) and/or Comprehensive Science (130000); • Willingness/ability to work with students, teachers and administrators as a team member; • Computer expertise appropriate to the position; • Effective and demonstrated problem solving, critical thinking, analytical, oral and written communication, and organizational skills; • State-issued identification card with photograph; • History of strong work record, including good job attendance; and • Documented evidence of acceptable criminal record as required by Ohio law and Board Policy.
STARTING DATE	Mid-December 2026
COMPENSATION	Starting at \$285.51/day, with a higher rate possible based on experience and education
BENEFITS	Medical, dental, vision, and life insurance effective first day of employment
WORK YEAR	7.5 hours/day; Mid-December 2026 – May 20, 2027
DEADLINE	Until Filled
APPLY TO	Butler Tech Careers
